

For optimal viewing:

- right-click the 3D model, select 'Preferences', '3D & Multimedia' and 'Enable Double-Sided Rendering'.
 - right-click the 3D model, select 'Tools' and 'Show 3D toolbar'. You can use the 3D toolbar to navigate, measure and control the render mode of the model.
- It's possible, for example, to see it in transparent or wireframe mode or with cross section.
