

27. 11. 36.

A few weeks ago I got myself the complete woodcuts of Durier. I like it so much that I have got a copy for you as a Christmas present. But it is possible that you may have it already. Please let me know by return of post if you can. If you have not got it I will send it ~~at once~~. If you have got it I will ~~take~~ <sup>bring</sup> the shop to let me exchange it for something else that they have. It is what is called a "remainder", an expensive book that is enormously reduced in price. You may be sure that I could not offer it otherwise! I am going to try to write in Hungarian soon. That will be a real treat for you! You will learn some new expressions. C.K.F.
