

12. 12. 36.

I am very much worried at not hearing whether you have received the Turin + Apollo. The Turin was posted Dec. 3, + the Apollo Dec. 5. Both registered. Please let me have a card by return of post, + if you have not received them I will make enquiries. I have a cold that I can hardly write.

If you have time, will you do a small bookplate for me as a Christmas present? Music + Greek sculpture are what I care for most. Myron's Discobolus in the Terme + something to do with music would make a lovely little plate. But not if it would bother you. I will write in a few days. Best wishes, G.K.7.
