# Mick's Hotel.

Has anybody ever been to Mick's Hotel,  
 Mick's Hotel by the salt say water  
 None o'yez ha' been there— just as well! Just as well for ye!— Oh!  
 If ye were an osteridge ye might contrive  
 To get away from the place alive  
 They charge you a dollar for a meal you couldn't swaller  
 And it's down by the silver sea  
 Oh yes I've been there  
 Yes I was green there  
 Hoping that the waiter might perhaps attend to me  
 "What's in that tureen there?"  
 "Soup" sir, it's been there  
 Never again for me.

I went up to the bedroom but I couldn't find the soap  
 "Soap! is it soap! by the salt say water"  
 I went to ring the bell but I couldn't find the rope  
 And the waiter says to me  
 "What the devil do ye want with a bedroom bell  
 Hav'nt you a voice and can't you yell!"  
 I made the waiter holler! But it cost me a dollar  
 Down by the silver sea  
 Oh yes I've been there  
 Wits sure are keen there  
 But I was in no humour for the lad's jocosity  
 Yes I have been there  
 Mick's King and Queen there  
 Never again for me.

'You're waiting for your breakfast sir and now what will you take  
 Fish! is it fish! by the salt say water  
 All gone up to Dublin sir before you were awake  
 —"Kidneys and toast and tea"  
 — Well now— there was a kidney, but I think it was last week  
 Oh the tea and the toast isn't far to seek  
 And marmalade to folla' That'll cost another dollar  
 Down by the silver sea  
 Oh I have been there  
 Yes I've been seen there  
 Hoping against hope for that second cup of tea  
 Oh yes I've been there  
 Shall I be seen there?  
 Never again for me.

You're going in the morning and you'll want to pay your bill  
 Bill! oh the bill! by the salt say water  
 If you want to see the size of it you've got to climb a hill  
 Or spread it on the silver sea.  
 They work by 'double entry'— then they multiply by three  
 And still there's three and sixpence that they havn't got from me  
 "Oh ye washed his flannel collar, Put down "Laundry—one dollar!  
 Though you washed it in the silver sea.  
 Oh yes I've been there  
 Cleaned out quite clean there  
 The waiter can't explain the bill and Mick you never see  
 Oh yes I've been there  
 I got quite lean there  
 Never again for me.
