

I've grown up in Leixlip and lived here all my life. I know every place, every hidden passage, everything to do. Leixlip is my home. Leixlip has a nice environment and a nice community. I think that Leixlip has after school things for kids. It could do with more places to go and maybe a better amenities centre. There are alot [a lot] of weird groups but they don't cause trouble. Over all I think I life Leixlip and it's a good place to live.
