For the English...

P R E F A C E.

In a little book, published about four years ago, I endeavoured to give, shortly and succinctly, information as to the most available roads for Bicycle Riders. The unexpected success attained by that work, has induced me to use the notes I have made during an extended career as a rider of the Bicycle, for the purpose of supplying to the public in general, and to Bicycle Riders in particular, a guide to the best Routes to be taken to all parts of the country. The necessity for a work of this kind was amply demonstrated a few years ago, during a ride undertaken by myself and a few friends from London to John o' Groats, N.B.

I have hitherto been prevented from devoting the time necessary to such a tedious task as the preparation of the Work; but I now offer the present volume to my brother-Bicyclists, confidently anticipating that it will aid materially in the enjoyment of their rides along the pleasant lanes and roads of Old England.

Although the greatest pains have been taken to ensure accuracy in compiling the work, it is quite possible that some errors may have crept in; and the Publishers will therefore be much obliged if those who use the book will take the trouble to point out any which they may discover, in order that they may be corrected in a future edition.

CHARLES SPENCER.

LONDON.

P R E F A C E TO THE NEW EDITION.

In order still further to increase the value of this book, which is already largely in use by bicyclists and tricyclists throughout the country, the Cross Roads have been added, and the whole book carefully revised. Even now, however, some small errors may exist, and the Publishers will be grateful to any one who will take the trouble to point out any they may discover.

May, 1885.

The staying power of the "GOUROU" Lozenges far exceeds anything of the kind ever before introduced. Unlike Coca, they do not bring on headache and nausea, but remove them, especially when they are caused by long fasting.

The following, amongst many Testimonials, has recently been received:—

DEAR SIR,

26, Budge Row, Cannon Street,
19th Feb., 1885.

During my ride to Brighton yesterday, I was favoured by a friend with some of your lozenges, which I found most beneficial, and which assisted me materially in my struggle over the dreadfully heavy roads. Please send me a box. I shall strongly recommend them to my Cycling and Athletic friends as a most invaluable preventive of the enemy thirst, and an efficient assistant of staying power.

I am, yours faithfully,

CHARLES SPENCER,
Editor of "Cycle Directory," "Modern Gymnast," &c.

The above Lozenges are prepared only by R. W. THOMAS and CO.,

The "Monarch" Hub

1s. 6d. each.

This whistle has a very peculiar sound; one we have made expressly for cyclists. Will clear the road 300 yards ahead. It is also the best Burglar Alarm and Police Call yet made.

We always have a great variety of above goods on hand. We carry a much larger stock than any other house in the trade. Orders executed promptly from Stock. Clearing out last year's pattern Lamps at a great reduction. Catalogues on application.
