Gough add: Worcestershire 4 11.

"From the fact that prior to the Restoration of Charles II. it was judged unsafe to keep any record of Catholic baptisms and marriages, this Register of St. George's, Worcester—dating, as it does, from 1685—is probably the earliest in existence. Moreover, the curious little volume with which it commences—an account book, 8 inches in length, by about 3 inches in breadth—bears evident traces of having been at some time deprived of its earlier leaves. Throughout the volume the signature of a priest is only once attached, that, viz., of the Rev. Charles Hanne, on 12 Mar., 1749; but from 1778, the date of the commencement of the second volume, and, singularly enough, the very year of the passing of the first Catholic Relief Act, the name of the officiating priest is nearly always given. Several names also of more or less historical interest occur in the Register, as, for example, those of the Penderel family."
