QUININE WINE.

QUININE.—There is not a Medical Man throughout the kingdom who does not recommend Quinine in some form or other to the weak and sickly, and as a strengthener, no medicine produces so beneficial a change on the human system. Hitherto the taking of this stimulant has been rather unpalatable from its bitter qualities, but Mr. Robert Waters, the British Wine Merchant, of 2, Martin's-lane, Cannon-street, London, has produced a beautiful preparation of Quinine that may be truly called "WINE," now being sold at 30s. per dozen quarts. If we add that Dr. Hassall, the Medical Analyst of the LANCET, has pronounced decidedly in its favour, not another word is necessary, except to add that Mr. Waters has made arrangements for its sale with Grocers and Chemists throughout the country.
