Dear Monsieur Buge,

I am delighted with your
"Reviews"; Prof. Seton Watson
writes charmingly & his
appreciation means a
good deal. I will

7439/1

write personally to "The
Spectator" & my husband to
"The Saturday Review". Lane

and H. M. the Queen of R.

would like a copy of "Soda".

Some of my friends want copies
of the book: would it be well for

me to have some more for, or
would it be better to buy from a
book seller direct? Please
do as you think best. I would
keep account of the numbers?

Will send you the money received.

Hope to send you some Emerson

shortly.

Also more of

Guangan's Stories.

With all good wishes,

Yours very sincerely

Lucy Baynes.
