"Luceafarul" is finished &
only waiting to be typed. I
have been & still am in bed
for the last three weeks, but I
hope to get downstairs on Thursday,
& ought to be at 11 P.M. again

quite soon.

They have some more Soda,

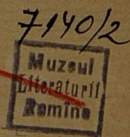

Here?

There is a friend of
Montreal to whom I want it that
he has a friend of some im-
portance in the book world
in New York, he keeps a

book - shot & to write a book
whether I would take time to
ask her to make the two
books "Romanian Stories" &
"Gods" known then. ?

shall certainly accept as for
a "Romanian Stories" is con-
cluded but what would you
write about "Gods"? Think

Love Lane did very little to
help "Romanian Stories" in
the U.S.A. - & they are interested
in Romania.

Imagine you clapping your
brow & saying "I am!"
For Mr. Byers we say "where you
read "The Evening Star"!!
