Dear Mrs. Beyer,

I returned home today after a strenuous month in London.

My husband nearly died three weeks ago, my first grandchild arrived rather unexpectedly & then my family all got influenza! You will see that I have not had

leisure in which to work as I  
shall be glad of a little extra  
time. Unfortunately

the Carols have been not been  
copied on to  $\frac{1}{2}$  sheet but on to whole ones  
I so cannot show you any to  
compare with the translations.

It would interest me to become

an annual rate. to your  
best literary magazine.

Could you possibly arrange  
that I will refund you.

How did you find the article  
for the "Flamingo Review"?

Yours very sincerely  
Lucy Byars
