Dear Monsieur Beza,

What an enchanting book!
How kind of you to send it to me;
I am deeply interested in it; both
letter-press & illustrations are
quite admirable.

Thank

you most sincerely.

What a lot you have seen &

seen

How widely you have
travelled.

At the moment

We are living in very restless
surroundings but so are we
all & no solution of poor old
Europe's troubles seems in
sight.

Hope we will want some -

long translated are long?

With many many thanks

Believe me,

Yours very sincerely

Lucy Byng.
