Dear Monsieur Beza,

7153/9

How kind of you to send me this
 charming ^{book}, it is most interesting &
 the photographs excellent & full of
 unusual places & things & people.
 Thank you so much.

You work too hard: when will you

be in England again?

Like Intro dova Lumi very
much: it is translated but have
still two chapters to type. We
must go very carefully through it
together: there are one or two sentences
I should have liked to alter in this

last book, but unfortunately I
did not see the proofs.

With the best of wishes & my love to
your wife & very very many thanks
for the book.

Yours very sincerely
Lucy Bevington.
